Description

Hombre Mini-Blocks are ideal for rodent control situations requiring tamper-resistant applications. Their special design holds them securely in place, while their blend of food-grade grains attracts unsuspecting rodents.

Whole and ground food-quality grains give off an attractive aroma.

Center-hole design makes it easy to secure bait in stations or to walls, and ensures high durability.

Abundant chewing edges.

20g (3/4 oz) cube makes this form a superior placement value.
