### Description

Pro-Control Plus is a total release aerosol fogger that is ideal for space treatments. This 6 oz. aerosol can treat 5,000 cubic feet and provides both a quick kill and residual control. Since this product contains cyfluthrin a residual pesticide, it should not be used in common living areas, food processing areas, or near kitchens. If you are looking for a similar product to use in kitchens and restaurants try [Pro Control Total Release](#).

- Combines the knockdown of pyrethrins with the residual activity of cyfluthrin
- Ideal for space treatments in facilities where food handling is not a concern
- Convenient, easy-to-use and effective against a wide variety of pests
- Cold sensitive; must be used at room temperature
- Stay out of the room for 2 hours after the fogger is activated
- Shake well before using
- USDA approved
